

PRODUCT NUMBER: 451
Camatex 451

Camatex 451 is made of comfortable, highly elastic natural latex with a cotton liner. The construction of this glove provides excellent grip on wet surfaces and helps the hands to remain comfortable in higher or lower temperatures. The superb cotton liner and the flexibility of the natural latex coating make this an extremely comfortable glove, particularly when worn for extended periods. The liquid-proof Camatex 451 offers excellent mechanical resistance. This glove is approved for food handling and processing according to EU 1935/2004.

Overview

Reference Number

451

Product Type

Gloves

Range

Chemical Protection

Line

Liquidproof

Brand

KCL by Honeywell

Brand formerly known as

KCL

Industry

- Agriculture
- Building and Construction
- Food Industries
- Industrial Cleaning

Product Use

- food industry
- construction industry
- harvesting
- cleaning and steam blasting works
- canteen kitchens
- erection of scaffolding
- beverage industry

Features & Benefits

Feature

waterproof AQL < 1,5 food safety according to EU 1935/2004 FDA-certified

Benefit

good grip when handling wet parts good low temperature flexibility high elasticity allows longer work sessions without fatigue fully coated

Technical Description

Description

Supported natural latex. Cotton liner. Fully coated. Roughened palm.

Product Technology

Dipped

Glove/liner color

Blue

Coating Type

Natural latex

Length

290-310

Thickness

1,38

Harmlessness

In conformity with European standards

Sizes

7,8,9,10,11

EN 388 - Mechanical Hazards Abrasion Resistance

Abrasion resistance	2
Cutting resistance (Coupe test)	1
Tear resistance	3
Puncture resistance	1

Certifications

E.C. Declaration of Conformity

EC Category PPE

3

EC Certificate Number

04910230
