Product information

Specially designed for use in cold conditions. The crinkled latex finish offers excellent grip and the warm acrylic 7 gauge liner offers protection against cold hazards in extreme conditions.

Thermal Protection Gloves

When cold thermal hazards are present, the hands' motor skills can be greatly reduced, this leads to increased risks of accidents and injury. Specially designed thermal protective gloves are available to combat these hazardous environments.

Gloves

A wide and increasing range of Hand Protection styles is available. In order to help cater to every need. Only the best materials and manufacture methods are used in the production of Portwests' extensive range of Hand Protection products.
