

Walk Behind Scrubber Dryer

USE

Small in size, handy and compact this scrubber dryer is ideal for cleaning domestic floors, hard floors and carpets. Great for sanitary facilities and in furnishing environments such as offices and schools.

DESCRIPTION

This pressure washer is the ideal small area scrubber drier. The small dimensions allow this professional floor scrubber to work in confined areas and spaces such as healthcare facilities, and in offices and schools. In addition, the large 15L tank guarantees a productivity up to 1225 sqm/h.

FEATURES AND BENEFITS

- Following our commitment for **eco-sustainability**, the components are made with recycled plastic.
- Large tank capacity
- Great Manoeuvrability - 90 cm External Radius
- Great Productivity - 1300 sqm/h
- Hard Floor and Carpet applications
- Handle Setting 50 to 1200 cm
- Three Stage Vacuum Motors
- Battery Included

HOW TO USE:

Before starting work, proceed as follows: Check the battery charge (charge if necessary). Make sure the dirty water tank is empty.

If necessary, empty it; via the opening at the front, fill the detergent tank with a suitable concentration of clean water and low-foam detergent.

Leave at least 5 cm between the surface of the liquid and the opening of the tank; mount the most suitable brushes or drive disks for the floor and work to be performed.

Make sure the squeegee is firmly attached and connected to the suction hose. Make sure the back blade is not worn.

FE140

Specification Sheet

TECHNICAL DATA:

Max Productivity (m ² /h)	1225
Cleaning Path (mm)	350
Tank Capacity (solution/recovery) (L)	16/19
Max Run Time (mins)	60
Installed Power (W)	500
Brush Pressure (Kg)	25
Squeegee Width (mm)	450
Max Speed (km/h)	3.5
Weight (no battery) (Kg)	59
Dimensions (mm)	960 x 550 x 1220
