

JanScrub 30B Walk Behind Scrubber Dryer

USE

Small in size, handy and compact this scrubber dryer is ideal for use in small areas.

DESCRIPTION

The adjustable handle has been designed so that cleaning operations in difficult to reach areas can easily be achieved and with its large tank capacity and long battery autonomy the JanScrub 30B is one of the most productive small machines on the market.

FEATURES AND BENEFITS

- Following our commitment for **eco-sustainability**, the components are made with recycled plastic
- Handle Setting 50 to 1200 cm
- Three Stage Vacuum Motors
- Compact Working Height 55 cm
- Large Tank Capacity - 28 l
- Great Productivity - 1575 sqm/h
- Great Maneuverability - 1050 mm External Radius

HOW TO USE:

Before starting work, proceed as follows: Check the battery charge (charge if necessary). Make sure the dirty water tank is empty. If necessary, empty it; via the opening at the front, fill the detergent tank with a suitable concentration of clean water and low-foam detergent. Leave at least 5 cm between the surface of the liquid and the opening of the tank; mount the most suitable brushes or drive disks for the floor and work to be performed. Make sure the squeegee is firmly attached and connected to the suction hose. Make sure the back blade is not worn.

TECHNICAL DATA:

Max Productivity (m ² /h)	1575
Cleaning Path (mm)	460
Tank Capacity (solution/recovery) (L)	28/30
Max Run Time (mins)	150
Installed Power (W)	900
Brush Pressure (Kg)	17/21
Squeegee Width (mm)	550
Max Speed (km/h)	3.5
Weight (no battery) (Kg)	98
Dimensions (mm)	960 x 550 x 1220
